

# **World Leaders Executive Strategy Programme (6-Month)**

By Dr & Professor Kuldipak Marwaha

KM International Consulting Ltd – The World Leaders Project

## **1. Programme Overview**

The World Leaders Executive Strategy Programme (WLESP) is a 6-month advanced leadership and strategy journey designed for executives, founders, and policy leaders who wish to master the art and science of strategy in the 21st century.

Developed and led by Dr & Professor Kuldipak Marwaha, the programme fuses global strategy frameworks, leadership intelligence, and transformational decision-making to empower participants to operate as World Leaders in Strategy — capable of influencing industries, economies, and global systems.

This is a programme for those who no longer wish to merely manage strategy — but to create it.

## **2. Programme Purpose**

- Develop visionary strategists who can think systemically and lead with purpose.
- Strengthen participants' ability to design and execute high-impact strategies.
- Equip executives to lead through disruption, uncertainty, and digital transformation.
- Cultivate global awareness, foresight, and organisational adaptability.
- Align leadership fulfilment with strategic clarity and long-term impact.

## **3. Who Should Attend**

- C-Suite Executives, Board Members, and Managing Directors
- Entrepreneurs and Founders scaling or transforming their organisations
- Strategy and Transformation Directors
- Policy Leaders and Senior Government Officials
- Consultants and Advisors specialising in strategy or innovation
- Division Heads and Business Unit Leaders with strategic responsibility

## **4. Programme Philosophy**

The programme is built on the World Leaders Strategic Framework, integrating three pillars:

1. Strategic Vision – The ability to see across systems, anticipate disruption, and identify long-term opportunities.
2. Strategic Design – The discipline of crafting high-impact strategies that integrate innovation, sustainability, and growth.
3. Strategic Leadership – The capability to lead people, cultures, and organisations through transformation.

## 5. Programme Design and Timeline (6 Months)

| Month | Theme                                    | Learning Focus                                                                                   |
|-------|------------------------------------------|--------------------------------------------------------------------------------------------------|
| 1     | Strategic Foundations of Leadership      | Understand the architecture of world-class strategy and the mindset of a global strategist.      |
| 2     | Foresight Thinking & Global Systems      | Develop foresight and systems awareness to anticipate emerging trends and geopolitical shifts.   |
| 3     | Strategic Design and Decision-Making     | Learn advanced models for decision-making, scenario mapping, and risk management.                |
| 4     | Leading Strategy Execution               | Build organisational alignment, performance systems, and cross-functional integration.           |
| 5     | Innovation and Strategic Transformation  | Combine innovation, change management, and strategic reinvention for sustainable success.        |
| 6     | World Leaders Executive Strategy Project | Develop and present a live strategic initiative or transformation roadmap for your organisation. |
