

World Leaders Executive Leadership Programme (6-Month)

By Dr & Professor Kuldipak Marwaha

KM International Consulting Ltd – The World Leaders Project

1. Programme Overview

The World Leaders Executive Leadership Programme (WLELP) is a 6-month high-impact global leadership journey designed for executives and senior professionals who aspire to lead with greater vision, influence, and transformational capability in an evolving world. Developed by Dr & Professor Kuldipak Marwaha and delivered by KM International Consulting Ltd, the programme equips leaders with advanced frameworks in global leadership, transformation, cultural intelligence, and strategic foresight — helping them lead with clarity, resilience, and authenticity.

This programme is part of the prestigious World Leaders Project, a global leadership development initiative empowering leaders to operate at the highest international standard.

2. Programme Purpose

- Strengthen executive leadership capacity in an era of global transformation.
- Develop clarity of purpose, emotional intelligence, and strategic awareness.
- Equip leaders to manage complexity, uncertainty, and change.
- Build organisational leadership systems grounded in fulfilment, innovation, and sustainability.
- Inspire authentic, service-driven, and world-class leadership impact.

3. Who Should Attend

- C-Suite Executives and Board Members
- Managing Directors and Senior Business Leaders
- Government Officials and Public Sector Leaders
- Entrepreneurs and Founders
- Consultants, Academics, and Advisors in leadership and transformation
- Senior Managers preparing for regional or global roles

4. Programme Philosophy

The World Leaders Executive Leadership Model integrates five essential dimensions:

1. Leadership Awareness – The foundation of clarity, authenticity, and purpose.
2. Leadership Energy – Managing the emotional, mental, and motivational energy that drives influence.
3. Strategic Leadership – Aligning vision, people, and systems for sustained excellence.
4. Cultural Intelligence – Leading diverse global teams with empathy and understanding.

5. Transformational Mastery – Inspiring renewal, reinvention, and sustainable impact. This holistic model empowers leaders to lead with science, energy, and compassion.
